

MINFILE Number: 092HSE034	Name: LODESTONE MOUNTAIN	Status: Developed Prospect
----------------------------------	---------------------------------	-----------------------------------

Ore Zone/ Year/Report On	Tonnage/ Category	Commodity	Grade	Reference/ Comments
LODESTONE 1970 Y	116,468,300 t Indicated	Iron	13.9100 %	Probable ore. Property File - Wright Engineers Ltd., 1970, Section 1, page 5.
LODESTONE 1970 Y	159,000 kt Inferred	Iron	10.0000 %	Property File - Wright Engineers Ltd., 1970, Section 1, page 5.
LODESTONE 1970 Y	89,497,800 t Measured	Iron Vanadium	15.5400 % 0.0840 %	Proven ore reserves. Vanadium grade given was 0.15% V2O5. Conversion used to V is 1.7852. Also higher grade core-40.8 mt grading 17.56% Fe. Property File - Wright Engineers Ltd., 1970, Section 1, page 4.
