

MINFILE Inventory Detail Report
BC Geological Survey
Ministry of Energy, Mines and Petroleum Resources

| | | | | | |
|------------------------|-----------|--------------|------------------|----------------|---------------|
| MINFILE Number: | 092ISE024 | Name: | ABERDEEN (L.960) | Status: | Past Producer |
|------------------------|-----------|--------------|------------------|----------------|---------------|

| Ore Zone/ Year/Report On | | Tonnage/ Category | Commodity | Grade | Reference/ Comments |
|-----------------------------|---|----------------------|-----------|----------|--|
| NORTHEAST 2008 | N | Assay/analysis | Copper | 0.147 % | A rock sample (653726) of biotite-magnetite granodiorite with trace malachite, taken from a roadside outcrop several hundred metres north- northeast of the occurrence Assessment Report 29969 |
| | | Rock | | | |
| DUMP 1995 | N | Assay/analysis | Gold | 0.12 g/t | A select dump sample (25722) of tourmaline-hematite with fine veinlets of quartz and native copper Assessment Report 24216 |
| | | Grab | Silver | 15.6 g/t | |
| | | | Copper | 1 % | |
| DUMP 1995 | N | Assay/analysis | Copper | 8.30 % | a select dump sample (25737) of massive chalcocite-hematite Assessment Report 24216 |
| | | Grab | Silver | 22.6 g/t | |
