

MINFILE Number: 094B 027	Name: ALEY	Status: Developed Prospect
---------------------------------	-------------------	-----------------------------------

Ore Zone/ Year/Report On	Tonnage/ Category	Commodity	Grade	Reference/ Comments
ALEY 2014 Y	83,815 kt Combined	Niobium	0.50 %	Combined Proven and Probable reserves. Calculated at 0.30 per cent Nb2O5 cut-off. Grades reported in Nb2O5. Taseko Mines Limited. Technical Report on Mineral Reserves at the Aley Project, October 30, 2014.
ALEY 2014 Y	285,820 kt Combined	Niobium	0.37 %	Combined Measured and Indicated resources. Calculated at 0.20 per cent Nb2O5 cut-off. Grades reported in Nb2O5. Taseko Mines Limited. Technical Report on Mineral Reserves at the Aley Project, October 30, 2014.
ALEY 2014 Y	173,169 kt Indicated	Niobium	0.35 %	Calculated at 0.20 per cent Nb2O5 cut-off. Grades reported in Nb2O5. Taseko Mines Limited. Technical Report on Mineral Reserves at the Aley Project, October 30, 2014.
ALEY 2014 Y	144,216 kt Inferred	Niobium	0.32 %	Calculated at 0.20 per cent Nb2O5 cut-off. Grades reported in Nb2O5. Taseko Mines Limited. Technical Report on Mineral Reserves at the Aley Project, October 30, 2014.
ALEY 2014 Y	112,651 kt Measured	Niobium	0.41 %	Calculated at 0.20 per cent Nb2O5 cut-off. Grades reported in Nb2O5. Taseko Mines Limited. Technical Report on Mineral Reserves at the Aley Project, October 30, 2014.
ALEY 2014 Y	39,543 kt Probable	Niobium	0.48 %	Calculated at 0.30 per cent Nb2O5 cut-off. Grades reported in Nb2O5. Taseko Mines Limited. Technical Report on Mineral Reserves at the Aley Project, October 30, 2014.
ALEY 2014 Y	44,272 kt Proven	Niobium	0.52 %	Calculated at 0.30 per cent Nb2O5 cut-off. Grades reported in Nb2O5. Taseko Mines Limited. Technical Report on Mineral Reserves at the Aley Project, October 30, 2014.
